

JOIN THE TEAM!

Team members must meet a simple requirement: Love God, and be willing to serve him! We need volunteers who can participate in a 15-day trip (Saturday through Sunday).

Cost is about \$900 per person plus round trip airfare to Quito, Ecuador.

Dentists, dental assistants and hygienists – Please get in touch with us now if you feel you can join one of our trips within the next two years. Not a dental health professional? We need other support people to do tasks such as clean and sterilize instruments, purify water and provide general assistance.

Our teams experience Ecuador from a mission perspective. We work with career missionaries as they bear the gospel to native people, and come away with new images of God's world.

Leigh Wold is the team leader of EDM. A retired engineer, he has been bringing short-term mission groups to Ecuador for over 20 years. Dr. John and Solveig Misner first visited Ecuador in 1998, and initiated this dental mission work in 2002. Since John's untimely death from cancer in 2005, Leigh and Solveig are continuing with annual spring and autumn trips.

Volunteers are needed for:

Ecuador Dental Mission

June 2009

I tell you the truth, whatever you did for one of the least of these brothers of mine, you did for me. – Matthew 25:40

Bring quality dental care to native people of Ecuador...

***By joining the
Ecuador Dental Mission Team!***

OUR PURPOSE

Our purpose is to partner with our missionary hosts to provide quality dental care that witnesses to God's love for all people.

What we do: a) Set up a clinic; b) Teach and demonstrate preventive dental hygiene; c) Distribute toothbrushes, floss and toothpaste; d) Take gifts and school supplies to children.

From Spring 2002 – Spring 2009, we have completed 14 dental mission trips to Ecuador's Amazon Jungle.

ABOUT EDM

EDM continues to improve supplies, equipment and services with each trip. Most of our work is restorative, with less than 20% extractions. With God's help, we hope to continue this ministry, reaching two more villages each year.

Calvary Lutheran Church of Golden Valley, MN continues to sponsor and support EDM.

INTO ECUADOR

Our contact in Ecuador is through Lloyd and Linda Rogers, missionaries there since the early sixties. Home base for their ministry is Centro Cristiano, near Quito. They serve many Amazon Jungle communities in the Pastaza province, plus a remote region near Ecuador's northern coast.

Lloyd and Linda work with son Dan and his wife Nikki, plus a large team of national and first language Spanish missionaries. Evangelism, church planting, education and improved health care are major goals. It has been a privilege for us to support their ministry with dental mission visits.

Our work focuses on indigenous people in jungle or in other remote native communities. Access to these locations is usually by way of in-country flights with Missionary Aviation Fellowship (MAF).
